A scholarship at Newcomb Secondary College offers your son or daughter the opportunity to experience outstanding curriculum opportunities and a College environment that fosters high levels of personal achievement in specific areas of endeavour.

Our new tech precinct was completed in March, 2019. The redevelopment encompasses two new classrooms, canteen facilities, and the Food Technology centre. These facilities compliment the already redeveloped Learning Resource Centre, Administration facilities, Middle Years buildings and Technology Block. The Science Block and Language Centre are modern spaces, ideal for student learning.

A breadth of educational opportunities encourage students to pursue, discover and fulfil their individual interests.

Our commitment to an all-round healthy young person is evidenced through our sports and outdoor education programs featuring the very successful bike tour, our Student Leadership Programs and a dedicated team of student wellbeing support.

Our Instrumental Music Program is well recognised across our region for their outstanding individual, band and ensemble successes.

Our community involvement has challenged our students to see the valued role that young people play in our community and the personal rewards this brings.

*Phil Honeywell - Principal*

*"Our dedicated team of staff are committed to supporting the individual learning of all our students and guiding their transition through our College to a positive and productive post compulsory pathway. These include success in gaining tertiary places, TAFE courses, apprenticeships or employment."*
